**EASY** practice management has just become easier ..... for **ALLIED HEALTH PROFESSIONALS**

**MEDILINK esi** now incorporates all the benefits of HICAPS together with all the benefits of Online Claiming to MEDICARE for Allied Health claims.

**MEDILINK esi** integrated solutions offers Practices all the benefits of 21 years of development and experience with its leading Practice Management software.

**HICAPS** all-in-one terminal provides:

- ✓ Health Fund claiming
- ✓ Medicare claiming
- ✓ EFTPOS
- ✓ Integrated Practice Management Solution

**MEDILINK** software is well reputed to be the easiest and most intuitive with its best of breed Appointments module included with its most comprehensive range of features for, the smallest to the largest of practices, Practice Management. Whilst easy is very much a key word that our clients continue to praise us for – equally so is Medilink's unbeatable value for money.

**Other features include:-** All facets and types of billing for medical and allied health needs. Extensive Management Reporting, makes management very easy and very accountable at the same time.

**MEDILINK** was the first to receive the HIC's NOI (Notice Of Integration for complete Online Claiming in 2002) then Medicare's continual Certification of it's software for Online Claiming, and now with **Medicare EASYCLAIM**

**Note:** It does NOT MATTER who your Providers bank with. All EFTPOS transactions are IMMEDIATELY processed and claims paid into their Bank account(s). As are Patient Medicare Rebates into their Bank accounts.

**MEDILINK esi** Other Integrated Paperless Options include:

- ✓ **SMS Appointment Reminders** with Confirmation and helpful reporting for easy management.
- ✓ **Scanning** and document management helps further achieve a "paperless practice".
- ✓ **DVA Streamlined** Paperless Online Claiming.
- ✓ **MS Word**, MS Excel and Crystal Reports integrated for complete flexibility.
- ✓ **eMESSAGING** to conform to NEHTA's (government agency for eHealth) secure messaging for GP's referral transmissions, sending and receiving.
- ✓ **Clinical Notes**, a variety of options are available including custom templates.
- ✓ **Free remote access** with free Updates is standard with Medilink's VIPS support membership.

**MEDILINK offers the greatest range of choices with best of breed solutions for your complete Practice needs.**
